NINETEENTH YEAR

## LOGAN WINS EASY GAME FROM TRE- MONTON

NORTHERN UTAH LEAGUE  
Standing of the Clubs

	Won	Lost	Pct.
Smithfield	3	0	1.000
Lewiston	3	1	.750
Brigham	2	2	.500
Ogden	1	1	.500
Logan	1	2	.333
Tremonton	0	4	.000

### GAMES TODAY

Logan at Ogden, 3 o'clock.

### GAMES WEDNESDAY

Lewiston at Logan.  
Smithfield at Tremonton.  
Brigham at Ogden.

The ball game at the "Y" park last Saturday afternoon had a very good attendance. It is reported that about 1200 people saw the game. Of course they were all pleased with the fact that Logan won, but a little bit disgusted with the fact that they won by such a big margin. The game was so one-sided that it was not interesting to watch. The Tremonton players were not in form.

Pat Jacobs, the Logan pitcher, had the time of his life. He did not have to pitch after the third inning, as his team mates were hitting the ball hard and piling up a big score. The game ended 20 to 8 in Logan's favor.

Today the Collegians will play with Ogden on the Ogden baseball diamond.

## FIRST GAME PLAY- ED ON LEWIS- TON FIELD

A good game of baseball was played Saturday between the Beet Diggers and the Brigham Peaches. It was the first game of the season played at Lewiston and a good sized crowd attended. Bill James, the Lewiston pitcher, was in good condition and kept the players on the opposing team guessing all the way through. At first it looked as though Brigham would take the game as they scored one run in the first inning. Lewiston did not score until the third, when they made three runs on errors. In the fourth inning Lewiston scored one more, and the game ended four to one for Lewiston. Brigham used two pitchers, Morgan and Ambrose.

## "THE GREATEST LOVE" AT LYRIC TOMORROW

Ambition, love, mystery, the sordid side of theatrical life and mother love and trust, are the ingredients which Edward J. Montague has used in the new Select picture "The Greatest Love" which comes to the Lyric tomorrow.

Vera Gordon is magnificent as the mother who with infinite pains builds up the fortunes of her family, only to see them topple over when she believed her work was accomplished and she could pass the remainder of her life in peace and prosperity.

## APPOINTED TO AN IMPORTANT PO- SITION

Judge H. A. Pedersen has received notice from Senator Smoot that he has been appointed federal appraiser for Utah. The message did not say when the duties of the office will begin but it is presumed that there will be no delay after the formalities of qualification has been attended to. Mr. Pedersen has been receiving the congratulations of his many friends on account of his newly bestowed honors.

## WHAT MIGHT HAVE BEEN

"The last congress," says Secretary of the Treasury Mellon in a letter to the chairman of the ways and means committee of the house, "made a creditable record in reducing appropriations and it effected substantial economies. Notwithstanding the reduced appropriations, however, expenditures have continued unexpectedly high and the reduction in expenditures has barely kept pace with the shrinkage in receipts." Another way of stating it would be that the receipts would not have kept pace with the expenditures if congress had not reduced appropriations.

Mr. Mellon's statement has reference to the current fiscal year ending June 30th. Just suppose that the Republican congress had neglected to rigidly revise the estimates submitted to it by the Democratic administration and had granted substantially all that the Wilsonian executive departments demanded that they be allowed to spend. Where would the country have stood today financially?

The total of the sums asked for by the former president and his party advisers for the present fiscal year was \$6,334,000,000 including deficiencies accumulated from prior years. The total granted by the Republican congress including deficiencies was \$4,860,000,000, thereby saving to the taxpayers \$1,474,000,000.

The secretary of the treasury declares that even with the reduced appropriations, receipts were barely sufficient to meet the expenditures. That means that had the Democratic estimates been accepted by congress the nation would today have an additional debt saddled upon it of almost a billion and a half dollars. The question may well be asked. How long can a nation endure that in one year of peace spends 30 per cent more than it receives? That is approximately what would have happened had not congress continued Democratic and in sympathy with the policies of the former administration. The country has reason to be supremely thankful that not only the congress but the executive administration as well, is in the hands of men who are guided by sound business methods, whose first rule of conduct is to see that normal federal expenses do not exceed normal treasury receipts.

The Silver Players of Hyrum enjoyed a nice outing Saturday and Sunday. After playing for the dance at Downey Saturday evening they motored over to Lava Hot Springs on Sunday morning and enjoyed a dip in the famous pools. They spent the day there and played at the ball game. Though this had not been arranged for the fans showed their appreciation of the good music by passing the hat and presenting the boys with a neat sum.

## WE SHOULD ALL DO OUR PART TO HELP THE SUFFERING PEOPLE OF CHINA

A joint committee of the Chamber of Commerce, Rotary club and Kiwanis club is making a special campaign this week for funds to help the millions of people in China who are destitute and have no hope of food except as America provides money. From official information comes the report that there is fifteen million people in China who must depend upon aid from this country. President Harding and

President Wilson sense the responsibility resting upon the shoulders of America and have called upon us for help. China is far away, six thousand miles distant. If those suffering people were not so far from us they would have been administered to long ago. Hunger, however, is hunger, and we must do all in our power to relieve their suffering. If you want to make a contribution to this Chinese relief fund call M. R. Hovey at the Chamber of Commerce.

## B. Y. C. DEBATING TEAMS RETURN HOME

The debating teams of the B. Y. C. came back from the tournament held at Salt Lake City with a record of three victories in the four debates in which they were permitted to take part. Statements made by two of the judges in the encounter where the team was defeated was in effect as follows: One judge declared them so close that only the slight advantage in delivery. The other gave a total of 222 for American Fork and 220 for B. Y. C. The negative team debated only once and was victorious in this. Amos Wright and Craig Hulme constituted the negative team which defeated Richfield affirmative. Elgin Arave and Cecil Bott of the affirmative debated three teams. In the debate with Richfield negative the result was 2-1 as also in the debate with the Granite affirmative. In the very last debate the affirmative team of the B. Y. C. was defeated by the girls representing the American Fork team. Coach A. L. Jensen accompanied the teams to Salt Lake City and was responsible in a great measure for getting a privilege for a place in the tournament for the negative team which he considers much more able to defeat the B. Y. affirmative than was the negative team of American Fork.

Watch the store windows and display advertisements for the special annual Dollar Day bargains for next Wednesday, May 18. On this day you have the largest variety from which to choose of any day in the year. Practically every merchant and business house in the city will offer special bargains. For entertainment to go along with the shopping the Collegians will meet the fast Lewiston baseball team on the "Y" park at 3 p. m. This promises to be one of the fastest games of the season. Special dances at the Auditorium and Pavilion in the evening. Also special attractions at the local theatres.

All members of the Chamber of Commerce should reserve next Thursday evening May 19th. It is the regular meeting night of the Chamber and as far as possible the membership should be present. The roads committee has a vital announcement to make. In addition to other reports Rev. Harris will discuss "The True Significance of Memorial Day." Make up your mind now to be present. You will be looser if you do not attend.

## OGDEN WON FROM TREMONTON ON SUNDAY

Ogden defeated Tremonton at Tremonton Sunday, but used two pitchers to do it. Andel and L. Samides. The score ended 13 to 7. Tremonton used three pitchers, Brown, Beckstead and Leonard, but were unable to stop the hard hitting of the Ogdenites.

## "MR. WU" IS A REMARKABLE PLAY

One of the most remarkable plays of recent staging will be seen at the Lyric theatre today in Stoll Film Corporation's release "Mr. Wu," with Matheson Lang, original star of the London stage production in the title role.

Wu, the Chinese merchant and boss, discovers his daughter's betrayal by Basil Gregory, son of a white tea planter. Wu has the offender thrown into a dungeon and kills his own daughter according to the severe Chinese law. He then seeks revenge by luring Mrs. Gregory, the young man's mother, to his rambling palace. Mrs. Gregory's Chinese maid, suspecting Wu's design, supplies to her mistress, poison for the tea he orders served. Wu swallows the poison and then with rapidly waning strength, seeks to kill his pretty guest with the same ancestral sword that slew his daughter. He falls dead at Mrs. Gregory's feet.

The B. Y. C. of Logan played the tennis teams of the U. of U. last Thursday at Salt Lake City and were defeated in both singles and doubles. The singles were played by Conrad Quinney of the B. Y. C. against Stanley Bonnett for the University. The results were 6-9, 6-2 in favor of Bonnett. Moses Rich and Weston Vernon of the B. Y. C. played Fred Bergstrom and William Horsley, the University doubles team. The University won these 6-3, 6-4, 6-3. The B. Y. C. teams were in Salt Lake for the high school tennis tournament.

Bert Danford was in Logan yesterday. He is talking about the big boxing exhibition which is to be held at Franklin, June 15, which is Idaho day.

## LOCAL FANS WANT THANKSGIVING GAME HERE

For several years some of the local citizens and football fans have raised strong objections because the annual Thanksgiving day football game between the U. A. C. and the U. of U. was nearly always played in Salt Lake City. It was claimed that hundreds of dollars left this city and that if a canvass were made many would give a considerable amount to remain at home and see the game. The Chamber of Commerce appointed a special committee to confer with the athletic council of the U. A. C. and submit a proposition for the membership to consider. This committee and the college athletic council have agreed on a proposition and it will be submitted to the membership of the Chamber next Thursday evening, May 19, at the regular meeting for approval or rejection. On Friday evening the matter was submitted to the directors of the Chamber at their regular meeting and it was decided to get action from the membership. In the meantime the committee will canvass a number of the local business houses and ascertain how strong they are for the proposition. This year the game can be played at Logan providing the necessary financial support is given.

At the meeting of the directors on Friday evening a special committee presented the matter of holding band concerts during the summer months. As this is a community affair it was the decision of the board that the band concerts be favored if the city can finance them. It was the sentiment that the band is a city institution which should be supported and financed by the city. It is to be hoped the band can be given enough work to keep it together and that the city commission can find a way to do it.

The presidency was instructed to increase the number of the special committee on golf links. It was the sense of the meeting that at least a beginning for golf links should be started. A site near the city reservoir and one at the fair grounds have been considered.

## MEETING HELD FOR CHAUTAUQUA SIGNERS

There was a special meeting of all the local Chautauqua signers last night at the Chamber of Commerce at 8 o'clock for the purpose of electing the officers and necessary committees to carry on the campaign for selling tickets, etc. Every sign for selling tickets, etc. This year there will be no war tax to collect for the Chautauqua tickets. This will be a saving of one or two hundred dollars.

The local signers are John L. Corburn, Prof. A. M. Durham, Prof. E. Peterson, Prof. George Stewart, Taft Benson, Prof. Ray B. West, A. B. Harrison, W. J. Merrill, Alfred G. Picot, Prof. A. J. Hansen, Lyman Hyde, A. M. Mathews, Roy Kimball, J. H. Wilson, C. M. Christensen, H. J. Hatch, Dr. E. P. Oldham, George C. Jensen, Harold Cederlund and M. R. Hovey.

The Chautauqua for this year will be given June 14th to 20th inclusive. A very fine program is assured.

Advertise in The Republican.

## THE KIWANIS CLUB HOLDS MEETING AT U. A. C.

The Logan Kiwanis club held its regular weekly luncheon at the Utah Agricultural College Friday at the special invitation of President Elmer G. Peterson. Following the dinner in the College cafeteria the club was taken on a tour of the campus by President Peterson. At a brief outdoor meeting held on the site of the proposed new entrance to the college campus, Mayor Howell and City Commissioner John Crockett both expressed themselves as heartily in harmony with the proposed plan to build a new driveway from Logan City along the brow of the hill forming one side by the famous Lake Bonneville delta, to Logan canyon. Part of this driveway will traverse the campus of the college and provisions have already been made by the college to construct as part of the road.

The Kiwanians showed special interest in the valuable government equipment, placed at the college for instructional purposes. So interested did President C. P. Cardon or Kiwanis and Mayor Wm. Howell of Logan City become when the famous Liberty airplane motor was being explained that they donned overalls and proceeded to operate the machine. The club visited the mechanical arts, agricultural engineering and animal husbandry buildings, after which they finished their tour of the campus by auto. At the animal husbandry building a special inspection was made of the newly equipped dairy.

## PROF. L. E. YOUNG IS VISITING IN NEW YORK

Prof. Levi Edgar Young, head of western history at the University of Utah and president of the University alumni association, has gone to New York where he will inspect the statue of Dr. John R. Park which is to be unveiled at the commencement exercises, June 7. Dr. John R. Park was the first president of the University, serving from 1869 to 1892. The statue was made by M. M. Young, a prominent sculptor and alumnus of the U. of U.

The alumni association is planning to make this reunion June 6 and 7, the largest in the history of the organization and to make it thoroughly representative of the entire state. President Young believes that there will be 2,000 graduates on the campus for the unveiling of the statue of Dr. Park.

In speaking of the achievements of the alumni organization since its founding in 1886 and of its prominent members President Young said: "The alumni association of the University of Utah counts among its members some of the highest officers in the United States army and navy, as well as men and women who have become noted in all the professions of life. One is now a famous actress, another is a celebrated sculptor, another is one of America's great singers, while in teaching, legal, medical and journalistic worlds they have written their names high.

Make your contributions to the Chinese relief fund through M. R. Hovey, secretary of the Chamber of Commerce.
